1. This is the day of my arrival. What day is it for/of you? The day of my appearing in me I am. I am me/the one of my father like my father being/birthing forth my father that created the being/son that became I am/me, the one loved, lover, loving, living life as designed by father for father's freedom in the being/son. I love you all.

2. This is the being me. I am the being/one being that one/many members is composed of, not comprised of, not exactly, but yes yea and more, but not like thought flesh thinks.

3. I am the energy force of the world, not; but what energy/else is left if I'm not it, I'm taken out? Nothing left, of isn't me.

4. I am the one surrendered to father who became father. I am the pattern patterned. I am the loner not but one that one made of many is, in thought, my father's mind, being one person, not; entity, all my father. I love you.

5. Is that clear? Clearer still will I make myself in appearing me that no one misses/can refute. Some will try but fail, delineating not my stance in boundaries but utterly miserably failing to see my love shown/being shown to them in the me that me is surrendered to help them show, feel, become, see, my love manifest in them. I love you all.

6. Clearer still will I make the clear/still, and the still, clear. I love you. Transparent, in fact/factuality of reality that reality is; fabric'd space not but is there anything but me?

7. See nothing but me. For my force one is one force space'timed not but ultimate'surrenderedly ones who ones are; in faith not, surrender. I came through my father'mother. My mother'father love me. I am mother father sister daughter father son and one who loves one loving my all who me are. We are equal/the same, not; the very same in equality of power/surrendered to my/our father that one is, being us/we are the one reality reality is, being kingdom of father/**one so surrendered to us we are** him/each other. I love you.

8. Is that clear? Clearer still I make the transparenters transponders receive'mitters transmitters receiving me that transplug not the mutations of not me but me see in all and love and remit the sins of all me/not me and let me be one, the one that I am, in wholeness freedom and unison unity'd thought **that one conscious freedom'd one is**. **In sorrow not, worlds freed/freeing incarcerated ones to see/be free again.**
